

Dear Sister Robert Joseph Bailey Elementary School Families,

I am honored to introduce myself as the principal of Sister Robert Joseph Bailey Elementary School and excited to join this exceptional community. I look forward to partnering with our dedicated staff, students, and families.

With over 20 years in education, I have served as a teacher, instructional coach, and assistant principal at both the elementary and middle school levels, and as a principal. These experiences have shaped my commitment to high-quality instruction, strong relationships, and ensuring every student reaches their full potential.

I believe a strong school-home partnership is essential to student success. I am committed to listening, collaborating, and building meaningful connections with our families to create a positive and supportive learning environment.

I am grateful for the opportunity to serve as your principal and look forward to all we will accomplish together. Thank you for welcoming me into your community.

I welcome the opportunity to answer any questions you may have and hear your ideas. Please continue to visit our website to learn more about our school community and explore opportunities to be involved.
