1.0 Welcome and Roll Call

2.0 New Items

2.1 Updates

- Budget Updates - along with the budget, we are looking at a possible MTSS additional team member.
- SPP - going over the student success - then the improvement area with questions: How will we increase our students' improvement strategies? (Goal 1 strategies), are we implementing the plan? Thumbs up. Does our progress monitoring support that we are implementing the plan? Yes. What gaps are we noticing? We have confidence in our teachers to let us know that although we can put the practices in place, it will take time for the program to work as intended. It requires more time. What actions do we need to take to make the plan work? Learn the curriculum, proper implementation, and the intended purpose of the lesson. Consistency and routines help the students push themselves out of their comfort zones. Using adequate support and following through, along with buy-in from all the staff, will help to make this program successful. What do we need from others outside this

Inquiry area 2- Goal 2 strategies - are we implementing the plan? Yes. (Mrs. Wright has a question) What is PLC? Grant then explains what it is and how it helps our kids meet those standards. What challenges do we notice in implementing the PLC program? Inquiry area 3 Connectedness - Attendance and behavior. (Mrs. Wright agrees that SEL is so essential in how students learn today.
